

Aug. 2, 1928.

Mr. Robert H. C. Marchant,
Ioka, Utah.

Dear Sir:

RE: SAND WASH DIST.

I have your letter of July 30 enclosing voucher and am attaching check for \$70.25, covering the same.

I realize the difficult situation as to headgates on Sand Wash and also realize that the people out there are not particularly well fixed and so hesitate to order them to put in the character of devices that would be required in other localities. It has been my experience that these improvements have to come gradual and that by crowding matters sufficient opposition can be created to defeat the end in view. I will write to Mr. Nelson and also write to Mr. Mitchell again as it is necessary that even a cheap device be of such character as to prevent the user getting more than his fair share of the supply.

Yours very truly,

State Engineer.
